

## A Patient's Guide: Registering in MyCareCorner

The MyCareCorner (MCC) patient portal provides patients with access to their electronic health record. You, as the patient, can register for the MyCareCorner patient portal several different ways. Typically, your healthcare provider (hospital or clinic) will provide you with an email (if you provided an email address) or a printed copy of instructions for accessing the MyCareCorner website.

- **Email Invitation:** Contact your healthcare provider (hospital or clinic) to request an email registration invitation for MyCareCorner.
- **Printed Invitation:** Contact your healthcare provider (hospital or clinic) to request a printed registration invitation for MyCareCorner.

The instructions for completing the registration steps are included in this document.
